1. Introducción

A información que se presenta nesta memoria resume as actuacións e os resultados da actividade desenvolvida por esta biblioteca no ano 2012.

Todas as actuacións da Biblioteca diríxense a garantir a misión da Biblioteca, que non é outra que servir de apoio á docencia, á investigación e ao aprendizaxe, xestionando os recursos de información, facilitando o seu acceso e promovendo a súa difusión. Aínda que ofrece este apoio á toda a comunidade universitaria, éste centrase nas titulacións impartidas nesta Facultade, tanto graos como mestrados, así como as licenciaturas que aínda non se extinguiron.

Deste xeito a Biblioteca convertese en colaboradora da creación de coñecemento.

2. Orzamentos

Detallanse a continuación os orzamentos que afectan á Biblioteca para o ano 2012.

3. Inversións

A inversión en material bibliográfico foi de un total de 48.547 €:

- Adquisición de monografías (papel e electrónicas): 45.035 €
- Suscripción de publicacións periódicas (papel e electrónicas): 2.255,62 €
- Compra ou acceso a outros materiais documentais: 1.257 €

A estas inversións engadirase a correspondente ao orzamento centralizado da UDC para a adquisición de publicacións periódicas que suma un total de 69.411,67 € para as suscripción desta facultade.

4. Persoal

Na Biblioteca traballan 5 persoas: a directora, 2 bibliotecarias/os e 2 auxiliares. Ademais contou coa colaboración de 2 bolseiros de colaboración en tarefas bibliográficas durante seis horas semanais, dende os meses de xaneiro a maio de 2012, que realizaron tarefas de apoio á actualización e promoción da colección da Biblioteca.

5. Coleccións

5.1. Publicacións periódicas:

Aínda que esta memoria é do 2012, neste apartado informarase das decisión tomadas no 2012 sobre as revistas, pero que serán efectivas no ano 2013, é dicir sobre as suscripcións a publicacións periódicas para a Biblioteca de Ciencias adquiridas centralizadamente pola UDC para o 2013.

O mais salientable neste aspecto é o cambio de formato de moitas das revistas que tiñamos subscritas en papel. Dende o ano 2013 a súa meirande parte vamos a poder consultalas exclusivamente en formato electrónico:

- 17 revistas que tiñamos subscrición en papel e electrónica, manteñen exclusivamente o acceso electrónico.
- 19 revistas que recibiamos exclusivamente en papel, agora pasan a formato electrónico.
- A revista *Journal of Chromatographic Science*: cancelase a subscrición impresa; a electrónica engádese ao paquete Oxford que paga a UDC fora de concurso.

- A revista *Methods in Enzymology*: cancelase a versión impresa pero se subscribe a electrónica fora de concurso, directamente a través de Elsevier, pois esta editorial non permite intermediarios para suscripcións electrónicas exclusivamente.
- As revistas *Nature* e *Science*: a UDC pagaba a versión impresa e Bugalicia a electrónica. No 2013 cancelase a versión impresa e Bugalicia segue a pagar a versión electrónica.
- *Environmental Technology Reviews* incorpórase este ano ao vir gratuita con *Environmental Technology*.
- *Limnology and Oceanography Methods* e *Limnology and Oceanography Bulletin* incorpóranse este ano ao vires gratuitas con *Limnology and Oceanography*.

A estes títulos hai que engadir os que están incluídos nos seguintes paquetes electrónicos subscritos pola UDC: ACM (American Machinery Computation), OUP (Oxford University Press) e Taylor and Francis.

Datos de revistas en papel

Total de títulos a 31/12/2012: 423, dos cales:

- En curso de recepción (vivas): 61 (27 por compra e 34 por intercambio oo donativo)
- Coleccións cerradas: 357

Neste punto é importante destacar que si comparamos o nº de revistas vivas ou abertas no ano 2011 (105, das cales 64 ingresaron por compra e 41 por intercambio), vese un descenso importante no nº de revistas en papel, pois moitas delas pasaron a recibirse no formato electrónico exclusivamente. Tendencia que se verá incrementada nas estatísticas futuras.

A Biblioteca segue a colaborar con Dialnet, vaciando as seguintes revistas:

- Cerna
- Ambientalmente Sustentable
- A Carriza

5.2. Monografías

O volume de fondos bibliográficos é de 30.661 e se ingresaron no 2012 na Biblioteca da Facultade 856 monografías en papel (534 ingresadas por compra e 322 procedentes de donativos ou intercambios), así como 549 monografías audiovisuales (que inclúen monografías en CD, CD ou DVD que acompañan ás monografías en papel, DVD e vídeos.

Cabe destacar este ano como novidade, a subscripción por parte da Biblioteca de 4 libros electrónicos accesibles dende o catálogo:

- PAGLIARANI, A., TROMBETTI, F., VENTRELLA, V. [Biochemical and biological effects of organotins](#). Oak Park: Bentham Science Publishers, 2012.
- KITSON, F.G., LARSEN, B.S., MCEWEN, C.N. [Gas chromatography and mass spectrometry: a practical guide](#). San Diego: Academic Press, 1996
- TEMPLETON, A.R. [Population genetics and microevolutionary theory](#). Hoboken: Wiley-Liss, 2006.
- SINGH, D.K. [Toxicology: agriculture and environment. Vol. 1. Pesticide chemistry and toxicology](#). Oak Park: Bentham Science Publishers, 2012.

Seguindo cos libros en formato electrónico, este ano gracias á adquisición centralizada por parte da Biblioteca da UDC, puxose á disposición dos alumnos unha relación temática de libros que forman parte da bibliografía recomendada para as materias de graos e mestrados impartidos nesta facultade. Os libros están accesibles a través do catálogo da Biblioteca da UDC, e a través da web da Biblioteca.

- Libros electrónicos de [Biología](#), que son bibliografía recomendada: 79
- Libros electrónicos de [Física](#), que son bibliografía recomendada: 1

- Libros electrónicos de [Química](#), que son bibliografía recomendada: 29

Estas adquisicións actualizan a colección de obras de apoio á docencia, á investigación e ao aprendizaxe.

Entre as **actuacións** levadas a cabo pola Biblioteca relacionadas coas **coleccións** están o expurgo e o inventario anual.

O **expurgo** é necesario para que a colección dispoñible aos usuarios sexa actual, adecuada e pertinente. Ademais é sumamente importante xa que a limitación espacial da Biblioteca a fai necesaria, co fin de poder poñer a disposición dos usuarios as novidades bibliográficas que se adquieren anualmente.

Non será ata xaneiro de 2012 cando, grazas á incorporación do novo espazo á Biblioteca, como é o depósito, que se fíxo posible que 912 vols. se trasladaran dende a Biblioteca a este novo espazo de depósito.

Con posterioridade, nunha segunda remisión ao depósito trasladáronse 612 vols., polo que ao longo do ano baixáronse un total de 1524 vols. ao novo depósito da Biblioteca na Facultade.

O **inventario**, ou reconto anual dos libros, e unha tarefa que a Biblioteca fai todos os anos e que permite levar un control da colección. Esta tarefa realízase durante o periodo de duración das becas de colaboración en tarefas bibliográficas que temos na Biblioteca durante os meses de xaneiro a maio, que disfrutan dous alumnos da Facultade. Xa que contamos co seu apoio para realizar esta tarefa.

O reconto anual de libros do ano 2012 detectou 45 libros que non aparecen.

5.3. Recursos consorciados

6. Instalacións e equipos

A acción máis salientable no 2012 no tocante a instalacións, foi o remate do amoblamento das mesas da Biblioteca (con 2 luminarias independentes e 4 encuhes cada mesa) e a súa remisión total. A partida orzamentaria para mobiliario que ten a Biblioteca da UDC foi a fonte de financiación das 4 mesas que faltaban para completar o amoblamento.

No 2012 engadiuse un novo ordenador de consulta (OPAC), aos 3 que xa dispoñíamos.

7.3. Préstamo interbibliotecario:

En relación a solicitud de artigos no ano 2012, 7 foron solicitados a esta biblioteca por outras bibliotecas da UDC a través de préstamo intercentros, e soamente solicitamos 1 artigo a outras Bibliotecas da UDC.

A Biblioteca Central solicitounos:

- 26 artigos de revistas e 10 capítulos de monografías para servir a Bibliotecas doutras universidades; todos foron servidos, e dende o mes de marzo enviáronse en formato electrónico.
- 11 libros para enviar en préstamos a outras bibliotecas fora da UDC.

A Biblioteca Central enviounos, a través do servizo de préstamo interbibliotecario 21 libros para a consulta dos usuarios (PDI) que os solicitaran.

7.4. Formación:

Como en anos anteriores, a Biblioteca participa na xornada de benvida aos novos alumnos da Facultade. Nesta xornada preséntase o servizo da Biblioteca, o que ofrece, os recursos, os servizos, a formación que ofrece, e a web.

Nos dous primeiros meses do curso, ofrécese aos estudantes a posibilidade de asistir a una sesión de formación da Biblioteca: "*Coñece a túa Biblioteca*" na que se inclúe una visita guiada para coñecer os espazos, as instalacións e as coleccións; se explica a funcionalidade básica do catálogo e a páxina web da Biblioteca. A estas sesións este ano, como en anos anteriores tampouco asistiu ningún usuario.

Dentro deste apartado de formación seguimos, como en anos anteriores, coa colaboración coa materia de 2º curso de Grao en Química *Química, información e sociedade* na impartición de 2 horas lectivas sobre fontes de información en Química, e sobre a base de datos Scifinder, con breve mención a ISI WOK e SCOPUS.

Este ano comenzamos unha nova andanza no relacionado coa formación de usuarios, xa que, grazas á colaboración cos/as profesores/as que as imparten, colaboramos en dúas novas materias:

- *Xeografía: xeografía física* (1º curso de Grao en Bioloxía), impartindo 5 horas lectivas a outros tantos grupos sobre cómo localizar información no catálogo, centrándonos na localización de mapas, xa que é un material co que traballarán nas prácticas desta materia. Como material de apoio elaboramos un [catálogo cartográfico](#) que lles servirá de guía de localización dos mapas que temos nesta biblioteca.
- *Química 4* (1º curso de Grao en Química), impartindo 2 horas lectivas sobre introducción á Biblioteca, dando información sobre os servizos que ofrece, acceso ao catálogo, etc.

Paralelamente, a Sección de Información do Servizo de Biblioteca organizou periodicamente un curso de *Formación de usuarios/as na biblioteca universitaria* baixo o título *Cómo preparar un traballo académico*. Este curso ten a modalidade semipresencial e teñe unha duración de 10 horas, 6 presenciais e 4 online a través da plataforma Moodle do Campus Virtual. Os asistentes a este curso reciben un certificado co recoñecemento dun crédito de libre configuración.

Neste ano, esta Sección tamén organizou un novo curso de formación "[Cómo se fai un traballo de grao](#)" co fin de orientar aos estudantes que deben iniciar o proceso de elaboración deste traballo obrigatorio, na búsqueda e no tratamento da información.

Para finalizar este apartado de formación de usuarios hai que mencionar o curso sobre as *Novidades na base de datos Scifinder* que impartiu no salón de actos da Facultade a responsable desta base de datos en España.

8. Difusión

Entre as accións máis salientables desenvoltas por esta biblioteca no ano 2012 relacionadas coa difusión das coleccións e servizos están:

8.1. Exposición bibliográfica conmemorativa do "2012: Ano Internacional da Enerxía Sostible para todos". Selección de fondos que sobre esta temática se encuetran nesta biblioteca, e incorporación da [exposición virtual](#) na web da Biblioteca da Facultade. Elaboráronse carteis e marcapáxinas a disposición dos usuarios co fin de difundir a exposición.

- Coincidiendo tamén coa celebración do Ano Internacional da Enerxía Sostible para todos, dende o inicio da exposición e periódicamente, baixo o epígrafe NOVAS AIESPT 2012 destacáronse 16 noticias sobre este tema no facebook desta biblioteca.

8.2. Tutoriais: Elaboración e inclusión na web da Biblioteca dun novo [tutorial](#) que se engadiu aos 3 [tutoriais](#) cos que xa contaba a Biblioteca:

8.3. Actualizacións das guías de recursos electrónicos (p.e. bases de datos) na web da Facultade.

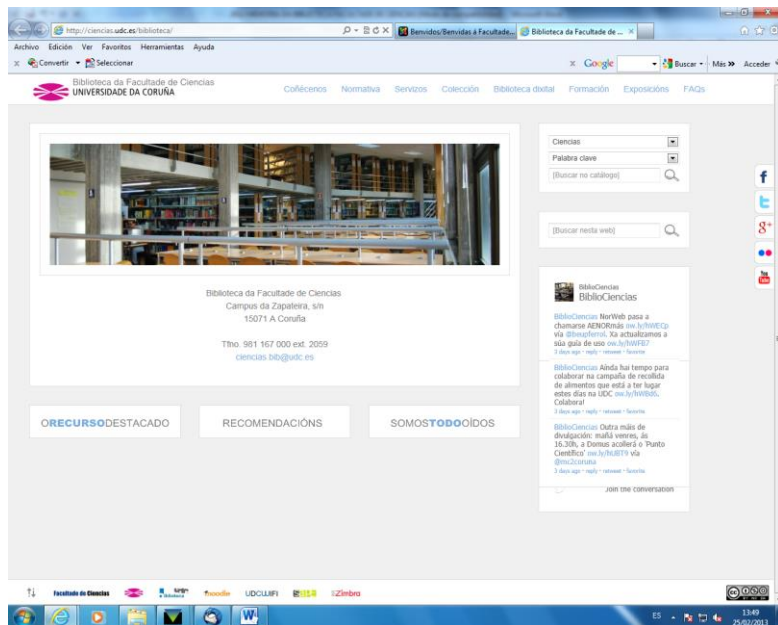

-Non debemos olvidar o importante papel das **redes sociais** na difusión de servizos e recursos da Biblioteca. Por eso, co fin de estar alí onde están os nosos usuarios e manterlles informados, estamos como **Bibliociencias** en:

 dende xaneiro de 2012

-Difusión mensual das **novidades bibliográficas** que ingresan na Biblioteca, a través do catálogo, de e-mails ao PDI, información na sección de novidades da web da Biblioteca, en facebook e twitter.

8.4. Web: Nova [web da Biblioteca](#):

Aproveitando o proceso de actualización do xestor de contidos do noso sitio web -pasamos de Joomla 1.7 a Joomla! 2.5-, fixémoslle un lavado de cara integral á web da Biblioteca.

As novidades xiran sobre tres exes: deseño, contidos e presenza nos medios sociais.

- O cambio no deseño ven marcado polos novos medios de acceso á rede: trátase dun modelo que recoñece e se adapta de xeito automático a móbiles, tabletas, portátiles ou ordenadores de sobremesa, optimizando os espazos en función do dispositivo dende o que estea a ser visualizado.

- Os contidos veñen sendo os mesmos, aínda que corrixidos e con novos apartados, como as FAQs ou o calendario de eventos.

- Os plugins sociais permitirán aos usuarios do sitio compartir e comentar os seus contidos en Facebook, Google+ e Twitter, buscando sumar un punto máis de interactividade á presenza que a Biblioteca ten nestes foros.
